Set Up - A quick guide to setting up your Jongo for the first time (Apple or Android device only)

Pure Support - UK - 2014-10-09 - 0 Comments - in Wireless Music Systems

1. Take Jongo out of the box and switch on
2. Download the Pure Connect App
3. Open the Pure Connect App and sign in
4. The App will give you an option to Set up a Jongo tap this and follow the on screen instructions. Once completed your Jongo is now connected to your Wi-Fi
5. You are now connected for instructions to start streaming music from the Pure Connect App click [here](#)
