Behaviour of the Pure Connect app after the 16th of October

Pure Support - UK - 2019-02-21 - in Pure Music

You may still see Pure Music related pages, however there won't be any content available. Please restart or log in and out of the app to update the apps interface.

If you have cached content this will automatically delete.

If you are using the app offline and without a network connection after 7 days you will see this standard message ***Your offline content has expired. To re-enable it please connect otherwise your offline content will be deleted.*** If you do connect you will then see this message ***Your offline content has expired and will now be deleted.*** As we are no longer continuing with the Pure Music service it is not possible to keep this content.

We apologise for any inconvenience caused here.
