DAB broadcasts in Switzerland now received in DAB +(Excluding UK Customers)

Pure Support - UK - 2015-12-11 - in DAB Specific

DAB broadcasts in Switzerland now received in DAB +

Switching from DAB to DAB + can mean that a software update for your DAB radio so that you can continue to receive all Swiss digital radio programs.

If you have highway, Siesta, Chronos 2, One Classic, Elite One, Evoke 1s or Élan II, go to <http://support.pure.com/de/troubleshooter.php?do=view&id=9>

Some older products do not support DAB+ - they were manufactured before this standardization, and cannot be upgraded to DAB +.

However, Switzerland has until the end of 2015 where some radio programs continue in parallel in DAB. Meaning, you can still receive your previous DAB programmes (together with all FM broadcasts of their region) the following stations:

In German-speaking Switzerland:

DRS 1

DRS Musikwelle

DRS 4 News

In French-speaking Switzerland:

La 1ère

Option Musique

In Italian-speaking Switzerland:

Rete Uno

Rete Due

Rete Tre

In the Romansh Switzerland:

Radio Rumantsch

DRS Musikwelle

If you own another Pure product and these radio stations are not listed then please contact us at <http://support.pure.com/de/newticket.php>. We can tell you if a software update is possible with your radio.

If you are not sure if you own a DAB or DAB + radio, contact your dealer to help you.

All information about the change DAB> DAB + in Switzerland can be found here:
