Facebook App on Sensia and Sensia 200D connect

Pure Support - UK - 2019-02-21 - in [Internet Radios and Pure Connect / The Lounge](#)

Facebook have recently introduced a change to the way their app works, as a result despite our best efforts this change has unfortunately meant we are unable to continue providing this app service on the Sensia and Sensia 200D Connect. All other apps and services remain unaffected by these changes, we apologise for any inconvenience.
