## Highway 300Di can't play media from Android device

Pure Support - UK - 2019-08-24 - in Highway 300Di

### **Highway 300Di can't play media from Android device**

Highway 300Di doesn't currently support Android devices as a mass storage device - only USB MP3 players, USB sticks and Apple devices.

We hope to include Android support in the future.
