## My recordings are split into sections

Pure Support - UK - 2020-10-28 - in [Internet Radios and Pure Connect / The Lounge](#)

You will experience this if there is an interruption in the broadcast during the recording. This can be a result of a drop in DAB signal or a drop in your Wi-Fi connection for example. By design the recording will stop and pick back up again when the connection to the broadcast is made again.

What you are experiencing is normal behaviour.
