Pure Connect Accounts

Pure Support - UK - 2017-08-22 - in [Internet Radios and Pure Connect / The Lounge](#)

The closure of the Pure Connect desktop means that it is now not possible to register on Pure Connect. Creating a Pure Connect account is **not** possible.

You can access Pure Connect to continue to listen to live and on-demand radio by using the Pure Connect App on an Apple or Android device.

**Customers who have created an account prior to the 12th June 2017 can log into the App with the credentials that were used for the Pure Connect Desktop.*

Customers who have not created an account prior to the 12th June 2017 need to click "Start listening now**" All favourites will need to be stored directly on the radio.*
