## Saving pre-sets

Pure Support - UK - 2019-02-23 - in Evoke F3 with Bluetooth / Evoke C-F6

This can be done on all sources, internet, DAB and FM

To save a pre-set hold down the pre-set button on the remote control and then tap OK to save the pre-set.

Pre-set stations will not get listed on your Flow account (This only shows your favourite internet stations and Podcasts) pre-sets will be listed on the Pure Select App.
